InRoomMD Launches Travel Industry Distributor Program

- Travel Healthcare Concierge meets emerging traveler needs, adds revenue -

(June 18, 2007) Charlotte, NC – InRoomMD, a travel healthcare concierge for visitors to the most popular U.S. destinations, has launched a distributor program for travel professionals and web-based travel businesses that generate sales of its Travel Healthcare Concierge subscriptions. Participating travel planners, agents and services aggregators can earn no-cost commissions when their customers or site visitors purchase InRoomMD subscriptions via a direct or web referral.

InRoomMD offers concierge-style healthcare services including 24-hour in-room physician visits, prescription replacements, specialist referrals and expedited access to emergency care both direct to consumers by subscription and as a benefit to groups insured by traditional or travel healthcare policies. An on-site, on-demand healthcare alternative for business and leisure travelers that prefer not to visit a hospital emergency room or urgent care facility for routine diagnosis or treatment of acute conditions, InRoomMD Travel Healthcare Concierge offers convenience, comfort and security.

“Travelers and travel purchasers welcome an alternative to the traditional scenarios of illness in a strange city,” said InRoomMD president Andrew Jacobson. “When travel customers buy a Travel Healthcare Concierge subscription, they gain peace of mind, and their travel provider gains an incremental commission plus a reputation for giving good advice.”

InRoomMD provides its distributors with a range of website banners and textual links at no charge. When a user clicks on a distributor’s link to InRoomMD, their activity is tracked, and if that user makes a purchase on the InRoomMD website, the distributor’s account is credited with a sales commission. Travel agents purchasing Travel Healthcare Concierge subscriptions on behalf of existing customers are credited for those sales as well.

Physicians in the InRoomMD healthcare network are fully credentialed, American-trained medical doctors equipped to conduct full examinations and to administer treatment for a wide range of most common illnesses. Subscribers contact a national 24/7

call center representative who dispatches an InRoomMD contracted on-call physician. Within ten minutes of contact, the local physician calls the patient in their room, conducts a telephone consultation, and directs care as needed by performing a hotel “house call” visit, generally within one hour of the initial contact. If more serious care is needed, the local InRoomMD physician expedites the process by fast-tracking the patient into a hospital emergency department. About InRoomMD

InRoomMD, owned and operated by American Housecall Physicians, is a Travel Healthcare Concierge Program offering travelers immediate access to quality urgent medical care while visiting the most popular U.S. travel destinations. The InRoomMD commitment to in-room care whenever possible is its trademark. As a provider of subscription-based healthcare services not typically accommodated by traditional health or travel insurance, InRoomMD serves consumers, insurers, and their intermediaries. Through its *BeWell™*, *GetWell™* and *StayWell™* programs, InRoomMD offers travelers per trip and annual subscriptions, as well as fee-for-service arrangements. InRoomMD’s Travel Insurance Medical Management System (TIMMS) allows international travel and health insurance providers, assistance companies and managed care intermediaries to reduce claims costs while providing a better level of care.

InRoomMD services include 24 hour-a-day access to telephone and in-room consultation by a network physician, referrals to dental and chiropractic specialists, delivery of medicines commonly prescribed for acute conditions, availability of durable medical equipment such as oxygen or wheelchairs, and replacement of eyeglasses and contact lenses. InRoomMD’s national network of American-trained, board certified internists and pediatric physicians, and other providers are fully credentialed based on the universal standards developed by the American Association of Preferred Provider Organizations (AAPPO). InRoomMD has active networks in Atlanta, Boston, Charlotte, Chicago, Houston, Las Vegas, Orlando, Philadelphia, Phoenix, Scottsdale and Washington DC. InRoomMD will expand its network presence to south Florida, California, New York, Texas, Colorado, Canada, and other popular destinations by late 2007.
